\$10,000 FOR County EMERGENCY RELIEF

Have You Shelled Any Corn?

The Milam County Chapter Red Cross asks for shelled corn in any quantities, large or small to be delivered to the Weems Gin, Cameron where it will be ground and later distributed to needy families in the county.

Your gift of corn will greatly relieve our urgent need.

EVANGELIST RICHEY BEGINS REVIVAL TONIGHT

Rev. A. J. Richey and party will begin a short revival campaign in the Cameron Gospel tabernacle, Fannin and 5th streets, beginning Thursday night, January 5 at 7:45.

Evangelist Richey has held large campaigns in the major cities in the United States including Los Angeles, Memphis, Jacksonville and St. Petersburg, Florida, Jackson, Miss., Houston, Beaumont, Texas and many others. He is a speaker with a forceful and sincere message and hundreds have been saved and blessed under his ministry. He recently held a revival in Palestine in which over a thousand were prayed for.

Included in his party is Mrs. A. J. Richey, who is a speaker known to hundreds of people and also an evangelistic singer. With him also is Mr. and Mrs. Tom Potts of Houston, both pianists and singers. Besides playing the piano, Mr. Potts is also an accordionist and trombonist, having broadcast over many radio stations in the United States.

Rev. Ben D. Hodge, who is pastor of the tabernacle in which the revival will be held, says of Rev. Richey "One of the most outstanding men of God that I know is Evangelist Richey. He is one of the sweetest and at the same time really a man's man. I have been acquainted with him for number of years and can say that he preaches the whole gospel, believes in the mighty power of Christ to save and keep, and puts his faith in the blessed gospel of the precious God."

The revival is scheduled for ten days with services every night, at 7:45. Special music is a feature of every service and the public is cordially invited to attend. Seats are free and the building is well lighted, warm and comfortable.

Ted Matula On Radio Staff As Musician

Ted Matula, son of Fred J. Matula of Cameron, is among the radio artists entertaining from station WACO. He made his first appearance before the mike on Saturday evening. On next Saturday at the same time he will broadcast, from 8 to 8:15. He will also play and sing on January 7 at the same hour.

He is the son of Fred J. and Gussie Matula and is 19 years of age, was born and reared in Cameron and attended Yoe High School.

Not Enough Gold in World to Pay Taxes Levied on People of United States This Year

There isn't enough gold in the whole world to pay the taxes being levied upon the Americans this year, a well known authority announces.

Continuing this authority says:

Think of it. You and I and other American citizens are compelled to earn and pay over to federal, state, county and municipal tax gatherers: \$236,636 every moment, from January 1 to December 31, Sundays and holidays included.

\$5,611,378 every hour of a 48-hour work week.

\$4,871,794 every business day of the year.

\$269,230,794 every week.

\$1,166,666,666 every month.

If \$5 gold pieces were piled on one another, it would take a stack 10,000 times the height of the highest building in the world (Empire State) to equal this year's tax bill.

If \$1 bills were used, they would, laid end to end, stretch 53 times around the world.

These eye-opening facts and figures presented in the Cosmopolitan Magazine, are calculated to arouse the people of this country to the appalling gravity of the tax impost. It actually exceeded fourteen thousand.

NO ARRESTS IN MURDER OF ANDY SMITH HERE

All investigation thus far has failed to produce evidence leading to an arrest in the mystery murder of Andy Smith, Cameron merchant.

State Rangers assisting Sheriff Blaylock have returned to their headquarters in Austin, it was announced by Deputy Will Vaughn.

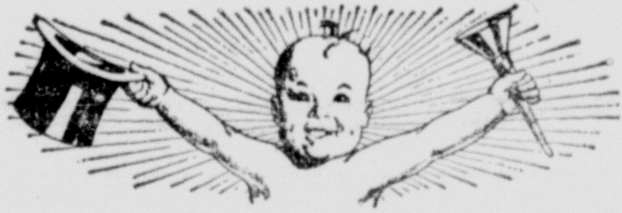

Work on the case will continue and the local officers are doing all possible to fix responsibility for the crime.

Veteran Justice Takes 9th Oath of Office

Judge O. C. Nolte of Ben Arnold was among the officers to file bonds and qualify on Monday January 2. He has been Justice of the Peace for Precinct 7 for 16 years and took his 9th oath of office on Monday.

Judge Nolte is popular with the voters of his precinct.

He gives every possible attention to the duties of the office and takes part in every good movement for the benefit of his community and county.

The Kindling Torch

By J. B. WHITE

The tumult and the shouting which ushers the Old Year derisively out and drags the New Year hilariously in is, after all, only a spent hour.

For when the noise has died and the little night is passed, the fact remains and that fact is a milestone set firmly in the fibre of our living journey, and it would come if we slept, or if we kept vigil or indeed, if we passed into eternity in advance of the event.

It is fatality we celebrate; it is human limitation we speed into the night with the Old Year, knowing that all things are beyond our control, and thus we play the brave, daring Time to do what he can and will, since the dawn is not our numbering.

For some the night of capering; for others the morning of reflection. "Resist the beginning," says Ovid, but he speaks of temptations. "Those that with haste," remarks Cassius, "will make a mighty fire, begin with weak straws."

That is wisdom, and the weak straws of our flame are the gleanings of New Year's Day, left from the vanished harvest of the dead year.

Spencer was not the first, nor the last, to discover that "each goodly thing is hardest to begin," but there is quite a common discovery that even the weakest of good intentions leaves a reproach among its ruins, and that is something.

Life is a succession of moods, through which we pass again and again; and, according to our character, some grow strong and some more faintly marked as they revolve.

The coming of the New Year is of all these moods the most arresting, because it conspires with the seasons to symbolize life itself. He is a bold man who dares shut his ears to the toiling of the summons this day echoes, he is a foolish man, too, for if the bells monotone their warning they also peel their promise.

Who knows of tomorrow? Of another such day, a year hence, and what shall be written? Whither the trail; what the rewards? Something stirs within as the day glides into the year; and that profound element of high adventure, which shines through the eyes of a boy whom all the earth awaits a conqueror, flickers, perchance flares, and lights "a candle of understanding, in thine heart, which shall not be put out."

'Good intentions are not to be despised; they are their own benediction. Not all are wise enough to collect weak straws, but the fault is born of zeal. So long as we ponder the matter and realize, if once a year, that it is even better and more useful to live for good ideals than to die for them, each New Year holds toward us the kindling torch. For these the peal of promise, and the dawn after the night.

HUNDREDS SORROW AT DEATH T. C. WHITES, JR.

Many little schoolmates and friends were made sad by the passing of Thomas Carroll Whites, Jr., age ten years, son of Mr. and Mrs. T. C. Whites of Cameron, who died Thursday evening, December 29 at the home of his parents after a relapse of flu. The funeral was held Friday afternoon at the First Methodist church at 3:30 by Rev. J. E. Buttrill, pastor and interment was made in Oak Hill cemetery.

Little Thomas Carroll was a favorite with all who knew him; possessed a manly bearing and was of general nature. He was a member of T. H. Haynie's Sunday School class in the junior department, and always attended services. He was in the 4th grade at the Ada Henderson school where he was deservedly popular with the teacher and classmates. He often assisted at his father's place of business when off duty from school and had made many friends among the business men of the town who speak in splendid terms of little T. C., and will miss his friendly greeting.

Active pall bearers were John Haygood, J. W. Lusk, Harvey Radtke and W. A. Bonds.

Honorary pall bearers were his Sunday School classmates and those in his grades in school.

He is survived by his parents and a sister, Miss Vivian Whites.

Beautiful floral offerings covered the newly made grave giving silent messages of love from those who placed them there.

DRAMATIC CLASS TO PRESENT PLAY HERE

Friday, Jan. 13, at 8 o'clock the Yoe High Dramatic Club will present a comedy in three acts, "Oh Professor," by Katherine Kavanaugh, and directed by Miss Dorothy Blalock.

The play is full of humorous situations, merry complications, and scrambled fun. It is all about a light-hearted crowd of characters, crisscrossed in a tangle of absurd mix-ups that does not get straightened out until the final curtain goes down on two hours of riotous fun-making.

The comedy revolves around the precise Miss Frederica, who has her maidenly eye on the scholarly Dr. Aristotole, there's the beautiful and astute Patricia and the dynamic Fife; there's Jake, the comic janitor; the uproariously funny role of Percival; the irrepressible Jimmy, and the much badgered Michael; then there are the four pretty girls, Bertha, Jean, Fluff and Belle who bounce through the play.

Members of the cast are: Jack Masters, Maidie Watson, Niley Smith, Carolyn Cheeves, Mary Keywood Julian, Sula Mae Depew, Nancy Newton, John Watson, Julian Freeman, Ray Burke, Patsy McGregor and Bettye McCollum.

Playlets and specialty numbers will be presented between acts.

Proceeds of the play will be given to the football boys to help buy their sweaters.

Rev. H. G. Kenney Now At Gunnison, Colorado

Rev. H. G. Kenney, former pastor of the Presbyterian church in Cameron and late of the First Congregational church in Beaumont has been called to the pulpit in a church at Gunnison, Colorado.

Rev. Kenney until recent weeks has been in New York State.

JOE LEE ANTHIS DIES

Joe Lee Anthis, the two year old son of Henry Anthis, died Sunday afternoon, January 1, at 8:45 o'clock after an illness of short duration of intestinal flu. The funeral was held at the Baptist church at Milano by Rev. Strickland, pastor of the First Baptist church at Rockdale. Interment was made in Milano cemetery by the side of his late mother who died December, 1932.

Committee Ready For Employment of Many

The Milam County Emergency Relief Committee is made up of the following citizens: Precinct No. 1, J. P. Love, Cameron; Precinct No. 2, T. B. Stidham, Jones Prairie; Precinct No. 3, Lesser Newton, Milano; Precinct No. 4, J. M. Weed, Rockdale; Precinct No. 5, Jamie Clark, San Gabriel; Precinct No. 6, T. V. Adams, Buckholts; Precinct No. 7, Ed Hesse, Burlington; Precinct No. 8, Chas. Saller, Thorndale.

Rev. J. P. Love is chairman.

Some weeks ago, learning that it was possible for Milam County to obtain a part of the \$300,000,000 set aside by the government for emergency work relief, the above committee made application through the East Texas Chamber of Commerce and through the Governor of Texas for Milam County's proportion of the fund.

None of this money is to be paid back by the county but is to be deducted from the Federal Road Funds which Texas would receive from the Government beginning with the 1935 allotment.

The Milam County Emergency Relief Committee is now informed that approximately \$10,000 will be available in a few days for Milam county to be spent in the months of

January and February 1933 for work relief.

This money can only be spent on labor on County or Community projects such as road repair, work on school grounds, cleaning cemeteries and parks, cutting wood for a community wood pile, etc.

The committee may only employ those who have no means of livelihood and who consequently are in need. It has been decided to register all of the unemployed in the various precincts of the county in order to administer this work relief. The committee asks that all unemployed in the following precincts register at the designated place for that precinct on Monday, January 9. Of course the most needy cases will be given preference.

Precinct No. 1, Cameron, Cameron State Bank Building; Precinct No. 2, Jones Prairie, T. B. Stidham's Store; Precinct No. 3, Milano, J. E. Baggett's Drug Store; Precinct No. 4, Rockdale, City Hall; Precinct No. 5, San Gabriel, Jamie Clark; Precinct No. 6, Buckholts, T. V. Adam's office; Precinct No. 7, Burlington, Dr. Herring's Drug Store; Precinct No. 8, Thorndale, Thorndale Mercantile Company.

Parent Teacher Assn. Represents National Organization Here

As a post-graduate course in Child Study we recommend membership in Cameron Parent Teacher Association.

The aim of this body should appeal to every citizen interested in the sane conduct of affairs of today, as well as the coming generation.

Meetings occur on second Thursdays, summer months excepted, and are invariably planned to further the aim of the organization—"To make family life happier, school life more fruitful, community life richer."

The January meeting will be next Thursday, January 12 at 3:30 in the High School Library.

At this time Mrs. Conway Anderson of Calvert will be the speaker;

Mrs. Vernon McInyre program chairman. Those who missed the last meeting are regretting not having heard Miss Pitts on Problems of High School Years, as well as inspiring talks on high spots of state P. T. A. Meeting and Texas Teachers' Convention given by Mesdames Burns and Kilian and Mrs. T. A. Fisher.

SANTA Thanks Cameron

Santa Claus Headquarters, Jan. 1, 1933

Dear Friends in Cameron:

It is cold up here, and reindeer are enjoying their rest in my snowy country, for they had long runs to make, visiting so many children at Christmas time.

On my first rest day I am writing to thank the good people who helped me so splendidly in Cameron.

There were the Knights of Pythias and the Masons. Without their help I could not have taken the warm clothing and good shoes to the children who needed them so badly, and the Milam Theatre and American Legion's gifts made many a child dance for joy.

You have in your city a grammar school principal named Miss Porter. She and some of her helpers worked wonders for me with paint and tools.

You see we needed everybody's help this Christmas, and I thank you all. Look for me next year.

Hints for the Household

HOUSEHOLD HINTS

Silver

Silver can be a joy or a burden. When kept up it is certainly a dressy addition to any buffet, table service or living room. The only thing that detracts from silver is the job of keeping it clean.

Here is a simple cleaning method recommended by some of the best jewelers:

Use clean aluminum pan (free of grease).

1 teaspoonful of baking soda.

1 teaspoonful of table salt to each quart of boiling water.

Immerse the silverware until tarnish is removed. Then rinse in clean, warm water and rub dry with a clean soft cloth. Be sure cloth is free from dust.

A Good Luncheon Dish

A pretty platter laden with spaghetti cooked with tomato, cheese, and mushrooms and surrounded with juicy round steak meat balls is most attractive and appetizing.

Method: Cook spaghetti in boiling salt water, and a little onion. When

done drain off water. Mix tomato soup well with spaghetti, also pieces of green pepper. Use double boiler and keep warm until ready to serve. Either mix mushrooms with spaghetti or use as garnish. After spaghetti is on platter sprinkle liberally with grated American cheese. Surround with meat balls which have been quickly cooked in butter.

BAKING HINTS

Cinnamon Rolls

Handful of sugar.

Level teaspoon of salt.

2 cups of flour.

1-4 teaspoon of soda.

1 heaping teaspoon of baking powder.

1 large tablespoon of lard.

Scant cup of sour milk.

Method: Mix dry ingredients as for biscuits. Moisten with sour milk. Roll out about one fourth of an inch thick. Spread with melted butter. Sprinkle well with sugar and cinnamon. Roll and cut in slices 3-4 of an inch thick. Lay down on flat side and sprinkle with some more melted butter, sugar and cinnamon. Bake in hot oven for 20 to 30 minutes. Makes

about 15 rolls. Put on top of bottom of roasting pan to bake.

Bread Pudding

Bread, 6 slices.

Apples, 4.

Custard.

Custard

3 eggs.

1 scant cup of sugar.

2 cups of milk.

Method: Butter baking dish. Put layer bread broken up, in baking dish then layer of apples. Alternate bread and apples until dish is nearly full. Then pour custard over all. Bake 30 minutes.

To Clean Windows.

It is difficult to clean windows in the winter time as water freezes so quickly. A way out of this difficulty is to dip a cloth in kerosene and rub on windows.

COOKING HINTS

How To Cook Rice.

Either put a piece of butter in with the rice while it is cooking or grease pan with butter before cooking rice. This will prevent the rice

Boy Scout News

TROOP NO. 53

J. W. Haygood, Scoutmaster

Due to so much illness and the cold weather we held our first meeting Friday night in three weeks. At this meeting we had a good attendance. Plans were laid out for the New Year and each scout seemed to be in good spirits. Our Scoutmaster was advised that our troop would receive the Presidents Award this year, this being figured on points attained and registration of membership in the troop. On Wednesday night at seven o'clock the patrol Leaders with their assistants will meet with the scoutmaster to form plans for the first three months of this year. For the information of all Scouts in the Troop, our Troop Committee and Scoutmaster will give a knife to the patrol which attains the most points in advancement during the first three months in this year. Advancement in ranks will count 2 points each and each merit badge will count one point each so boys get busy and see if your patrol can win this prize.

Troop No. 53 extends to one and all a very Happy New Year.

TROOP NO. 52

J. A. Lindle, Scoutmaster

Troop 52 held their final meeting of the year 1932 with an attendance of 21. The meeting was opened with a song and after the regular business the Patrol meetings were

given over to a resume of the activities of the year and study of Semaphore Signalling.

Each patrol gave an interesting account of the accomplishments of the year. They were interesting and we are sorry that space does not permit publication. The troop has completed a year of which we are very proud.

Troop 52 is also proud of the way Scout "Hank" Matula conducted himself before the "mike" in Waco Saturday night. Hank will again be on the air Jan. 7 at 7:15 P. M.

The feature of the last meeting was a talk by the scoutmaster on the history of the beautiful Christmas song "Silent Night, Holy Night." How Father Josef Mohr of the little church of St. Nicholai, in Oberndorf, Bavaria received his inspiration while watching a snowstorm on Christmas night in 1818, which he feared would prevent his parishioners from attending midnight mass. This, coupled with the dejected spirit of Schoolmaster Franz Gruber over the broken organ which would prevent the songs by the children before the crib, brought into being the new song which was set to music by Franz Gruber and was sung the first time to the accompaniment of a guitar.

The meeting was closed with the entire troop singing this beautiful song, which brings peace and contentment to all classes at Christmas time.

Deposit 'Guarantee' Fails of Purpose

THE editor of the Norwalk, Ohio, Herald takes a somewhat different view on the banking situation from a good many people. His idea is as follows:

"With rents falling and unpaid, real estate does not present a happy picture. Nor does the owner of carefully selected bonds feel any happier, with a bunch of them going wrong. A lot of folks very carefully invested in preferred and common stocks in the finest companies in the world and have seen them fall to perhaps a tenth of what they paid for them, and no dividends at all. Some folks kept their money in savings accounts in banks, and some banks have closed and left them high and dry. But the situation is worth looking at very carefully.

"On government authority, most banks that closed were really solvent but for frozen assets and popular timidity. Gradually the closed banks are coming out from under and depositors in even bad cases will get at least 50 per cent of their savings. That's tough of course; nobody likes to lose half of what they had scrimped and sacrificed and saved. But when you hoard and stick the roll of bills in a coffee pot or under a mattress, some plug-ugly comes along and burns your feet, till you tell him to take it and welcome.

"And what about the great majority of banks that weathered the storm, met all comers and are doing business as usual, carefully and conservatively, but safely? What about the savings in those banks? They are a full 100 per cent today—and they are the only thing we know of at 100 per cent anywhere. After all is said and done, a good, well managed bank is still the best place in all the world for money or savings. Right now in Ohio the banks pay the taxes on all savings and pay their depositors net interest on their savings. We can't think, just now, of many other investments that are as safe as a savings account in a solid bank. Why, even a savings account in a closed bank is actually worth more today than most stocks."

Yarbrough of Rockdale.

THE TAX MENACE A GROWING CRISIS

By FRANCIS H. SISSON
President American Bankers Association

F. H. SISSON

NO danger, economic or social, more seriously menaces our life, happiness and prosperity than the rising tide of taxes which threaten to engulf us. This is not simply a problem of the depression. It has been developing for many years, growing more serious all the time. The depression merely brought it to a climax.

Unless drastic steps are taken to reverse this trend the problem will not end with the depression. It will continue to weigh down and retard progress for an indefinite period.

In city, county, state and nation the orgy of spending has run on. It is estimated that in the United States the total cost of all government is nearly five times what it was before the World War. Many localities have been brought to the verge of bankruptcy by their expenditures, while many have saddled their citizens with a debt burden that will darken their lives and hamper their progress for years.

The total cost of Federal, state and local government in the United States is estimated at forty-six million dollars a day. Based on national income in 1930, this represents about one-fifth the total income of our people, or about \$110 for every individual in the nation. Total taxes in 1931 are estimated to have taken more than 22 per cent of the national income. It is occasion for serious thought on the part of everyone when one day's income out of every four or five must be contributed to the maintenance of government machinery.

United States Government expenditures were reduced one hundred and forty million dollars during the first quarter of the current fiscal year. The recent action of bankers in calling a halt to unnecessary expenditures of New York City as prerequisite to loans will reduce the cost of government in the country's metropolis, which is second in its expenditures to only the Federal Government. No state in the Union, in fact, no other government on this hemisphere, spends half as much as this one city. These savings in Federal and municipal costs are only the beginning of a movement needed throughout the country, if we are to be led out of depression into prosperity.

Unless the people can be made to realize that money for governmental expenditure can come only from their own pockets as taxpayers, casting depressing effects on both individual effort and general business, there is an imminent threat that we may be forced to meet economic difficulties similar to those that have so seriously handicapped other countries.

The idea that money for these mounting extravagances can be raised by following the slogan "Soak the Rich" is utterly fallacious, for such a policy will simply exterminate "the rich" and eliminate sources of revenue. It is also important to realize that corporate business in this country is in no position to withstand the effects of indefinite advances in tax rates. Current earning reports reveal that fact beyond shadow of doubt. The tax base must be broadened, and it therefore seems likely that Congress will be called upon to reconsider the sales tax.

A Country Editor Looks at Banking

LOS ANGELES.—While the idea of the guarantee of bank deposits by some legally enforced plan seems to appeal to many people who give it casual thought, the fact is that it has not only failed in every instance in the eight states where the experiment was tried, but actually produced unsound banking and increased the number of failures. It was declared by the recent convention of the American Bankers Association held here.

"Guaranty of bank deposits carries an idea that naturally appeals to people in general on casual consideration," the declaration said. "However, in principle it is unsound and in practice it is unworkable. It has been tried in eight States and it has not only failed in every case, but it has resulted in increasing the number of bank failures. Taxing properly managed banks to make up losses of failed banks is not only unfair and unreasonable, but it weakens the whole banking structure. Again, guaranty of deposits places the incompetent and reckless banker on an equal footing with the able and conservative banker, which encourages bad banking at the expense of sound banking. We are therefore opposed to the passage of any law carrying a guaranty of bank deposits and believe that it is against the interest of the people of the United States to develop any such system."

CHRISTIAN CHURCH

How Doctors Treat Colds and Coughs

To break up a cold overnight and relieve the congestion that makes you cough, thousands of physicians are now recommending Calotabs, the nausealess calomel compound tablets that give you the effects of calomel and salts without the unpleasant effects of either.

One or two Calotabs at bedtime with a glass of sweet milk or water. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you wish,—no danger.

Calotabs are sold in 10c and 35c packages at drug stores. (Adv)

SICK HEADACHE

Many cases of SICK HEADACHE are due to constipation. If you have headache that is due to constipation, take Theodor's BLACK-DRAUGHT for refreshing relief.

"I have taken BLACK-DRAUGHT, when needed, for about 15 years," writes Mr. J. W. Cooper, of Longview, Texas. "I first began to use it for sick headache that seemed to come from constipation."

"I would suffer about twenty-four hours with these headaches. I found out that BLACK-DRAUGHT would help me, so that is what I took. I am glad to recommend it to others, for this trouble, for it will give relief."

Theodor's BLACK-DRAUGHT is a purely vegetable laxative, preferred by thousands of men and women because it is so effective and economical.

For CHILDREN, get the new, pleasant-tasting SYRUP of Theodor's Black-Draught, in 25c & 50c bottles.

3,000,000 FAMILIES AIDED BY RED CROSS

Distress in All Areas Met by Giving Food, Clothing and Other Help.

More than 3,000,000 families throughout the nation were given relief of various types by the American Red Cross in the past winter, to aid them in their distress caused by unemployment, disaster or other misfortune.

A major relief task, due to unemployment and other unusual conditions in the bituminous mining counties in twenty states, was met by the Red Cross chapters alone, or participating with other agencies. In these 143 counties, the Red Cross aided 90,000 families through giving groceries, school lunches, clothing, flour and other necessities to combat privation.

Flour, milled from government wheat turned over to the Red Cross by Congress, was given to 15,000,000 persons in the period from March 8 to June 30, the close of the fiscal year. Flour will continue to be given through the winter of 1932-33, and Red Cross chapters also will give cotton clothing, made from government cotton turned over to the Red Cross for distribution.

"The Red Cross faces the busiest winter since the days of the World War," Chairman John Barton Payne said. "It is organized in virtually every one of the 3,072 counties in the United States, and will co-operate with all agencies to meet distress wherever found. The flour has proved of great benefit, and the cotton clothing will be given wide distribution."

While carrying on nation-wide these unemployment and other relief measures, the Red Cross also was engaged in its regular peacetime activities in public health nursing, service to ex-service men and their families, teaching home hygiene, life saving and first aid. The Junior Red Cross, composed of almost 7,000,000 school children, also rallied to the support of the society's relief efforts, and the children aided others of their age in practical ways, formed sewing and food canning classes, and were of great assistance in chapter relief work.

While the wheat and cotton were given by the U. S. Government, no money was provided to pay for the necessary work entailed. The Red Cross will meet this expense of almost \$500,000 from its treasury. Citizens can aid by joining as members of the local Red Cross chapter during the roll call from Armistice Day to Thanksgiving Day.

SIXTY DISASTERS IN 1932 ADD TO RELIEF PROBLEMS

Red Cross Spends \$2,760,000 to Help Victims of Catastrophes.

In a year of great misfortune caused by economic depression, in which the American Red Cross assumed heavy burdens of relief for the unemployed, the organization also responded to emergency needs in 60 disasters in the United States and its insular possessions.

During the twelve months ending June 30, 1932, the Red Cross gave aid to 75,000 families totalling 338,000 individuals, with expenditures of \$2,760,786. These people were in distress because of drought, flood, forest fire, tornado, snowstorm, mine explosion or other similar great disaster.

Prolonged drought caused the Red Cross to go with help to 58,000 families in the northwest. Here in 144 counties in North and South Dakota, Montana, Nebraska, Washington and Iowa the Red Cross spent \$1,980,000 from its own treasury to feed and protect people through the winter and spring.

Other grave disasters were floods in southeastern states, where the organization spent \$192,000 from its treasury and \$66,000 local contributions to help 13,000 persons.

More than 50,000 people were homeless from floods in tributaries of the Mississippi river and again the Red Cross faced a long relief task, aiding these people. The national organization gave \$108,000 and local contributions were \$10,000.

The Red Cross always maintains a state of readiness to meet these sudden emergencies and funds and other essentials to this work are supplied, in part, by the annual roll call, held each year from Armistice Day to Thanksgiving Day. Every citizen can support this worthy activity through joining as a member in the local Red Cross chapter.

Mrs. T. C. Mather and two children of Galveston were holiday guests of her sister, Mrs. R. G. Lyon and family.

Mr. and Mrs. H. A. Wheaton and son, John, of Austin were holiday guests of her parents, Mr. and Mrs. Geo. Leath.

Many friends in Cameron will be pleased to hear of John Poteet's success in winning the new Chevrolet coach from Sanger Bros. of Dallas; received for writing the best letter out of many hundred telling how 'Sanger Can improve his business for 1933.' Mr. and Mrs. Poteet formerly lived in Cameron, and their daughter, Miss Dora Poteet, has often visited here with Mrs. Tiff Moore and Miss Mollie Moore. Mr. Robert Poteet is secretary of The Young Men's Christian Association in Dallas.

Mr. and Mrs. H. C. McKee of Des Moines, Iowa, arrived this week for a visit of several months with their daughter, Mrs. W. J. Watson and husband. The Watsons have rented the ready furnished home of Mrs. Ida Jenness and will keep house during the visit of her parents. Mrs. Jenness will visit her son in Houston during the winter months.

Misses Helen Green and Eloise Rogers left Sunday for Port Arthur where they are teaching in the Port Arthur High schools.

Good Health Depends On Mineral Balance

Lee's Mineral Compound With Vitamins
Builds Bodily Strength and Vigor by
Supplying Needed Minerals and Vitamins

In the light of recent scientific discoveries, leading Physicians and Health authorities agree that the human race could be practically free from most ailments, and could live to a ripe old age if the system could be regularly supplied with a sufficient quantity of the essential Minerals and Vitamins.

DEFICIENCY OF MINERALS

The process of refining modern foods; bleaching of flour, rice, sugar, etc.; together with improper cooking takes out of our foods the very things that God intended we should have.

ACIDITY DESTROYS HEALTH

As the Mineral content of the body is lowered, slowly but surely the acid content of the system is increased until it finally reaches the point where the organs of assimilation and elimination cannot perform their natural functions. Our powers of resistance are lowered. Disease germs creep into the blood. The system becomes clogged with impurities. Various aches and pains appear, and before we realize what is taking place, we are on the very verge of a physical break-down.

AMAZING NEW FORMULA

Fortunately for humanity, science has found a way to prevent most of these conditions. After years of careful research and experimentation, a new and remarkable formula has been perfected. This preparation, known as LEE'S MINERAL COMPOUND is a scientific combination of the eleven most essential Mineral Elements of the human body combined with Vitamins. It is not, in any sense, a patent medicine but is more in the nature of a FOOD VITALIZER. By supplying the system with the necessary Minerals and Vitamins, it aids nature in quickly balancing the Mineral content of the body so that good health naturally follows.

BRINGS QUICK RELIEF

Stomach disorders, such as indigestion, hyperacidity, "heart-burn," gas, and bloating soon yield to this amazing natural compound. Constipation and attendant ills, such as nervousness, headaches, biliousness, bad breath and hollow skin, soon give way to a feeling of renewed strength and vigor.

MAKE THIS 10 DAY TEST Convince Yourself!

Stop dosing yourself with "patent medicines," harsh purgatives, oils and cathartics for just 10 days. Go to your nearest Druggist and secure a bottle of LEE'S MINERAL COMPOUND. Take it regularly, and watch the results. You'll be amazed at the feeling of renewed strength and vigor that soon appears. No narcotics or alcohol to "boost you up" but a natural method of restoring health and energy.

Got Over Weak, Painful Condition By Taking Cardui

"I was weak and run-down and suffered quite a bit with pains in my side," writes Mrs. Nick Baranco, of Beaumont, Texas. "I was nervous. I did not rest well at night, and my appetite was poor. My mother had used Cardui with beneficial result, so I decided to take it. I surely am glad I did, for it stopped the pain in my side and built up my general health. I took seven bottles in all." For over 50 years, Cardui has been helping women just as this Texas lady describes above. Cardui is sold at all drug stores.

Miles of Smiles with HORSTMANN BROS.

Mr. Blough drives around to scare up a little business.

It takes more than inspiration to scare up in a man's bosom a genuine desire to take care of the needs of his car. Most fellows who grease and wash their own cars do so, not because they like it but because of a perverted sense of economy. The use of our car maintenance service by the month does away with the drudgery and saves its cost in time alone.

Taxes

(Continued from page 1)

and millions, fourteen billions, \$14,000,000,000.

No nation ever before had such a terrific tax burden on its shoulders. It has come to such a pass that we have to work one whole day out of every four working days to meet it.

Here are other graphic facts drawn from the same articles, by special permission of the editor:

If every gold dollar in the United States were tendered in payment of taxes, the bill would not be one third settled.

If all the gold mines in the world shipped every ounce of their production it would take 34 years to meet America's tax charge for 12 months.

Put the entire United States Army in one scale and balance their weight in gold would that equal 12 months' taxes? No. You would have to add another whole army and half a third army to match the tax gold.

All the gold in the Bank of England, for a century the synonym for colossal wealth would pay American taxpayers' obligations for less than 12 days.

The total value of America's entire agriculture production, both crops and livestock, even in the boom year of 1929, would fall \$2,000,000,000 short of this year's crop of taxes.

The total salaries and wages being paid this year by 20,000 manufacturing establishments to some 8,000,000 executives and employees will not match the Nation's tax claims.

This year's taxes could pay off every farm mortgage in the land, with enough left over to donate almost \$1,000 to each of 6,000,000 farmers.

Dont's For Washing Blankets

New blankets are always a joy. There is nothing much softer, prettier or lovelier than new blankets. One always associates this loveliness with the newness and dreads the time the blankets have to be washed. And dry cleaning is never as satisfactory for blankets as washing. To be sure in most cases they feel and look very nice, but there is nothing like soap and water to clean any article which comes as near to one as blankets. In order to preserve some of their freshness, here are

a few "don'ts" for washing blankets:

1. Don't have suds too hot.
2. Don't put blankets through the wringer.
3. Don't hang blankets out in cold or wind.
4. Don't rub blankets as this removes some of the nap.
5. Don't hang knitted blankets up. Spread on bath towels to dry.

To Clean Enameled Bath Tubs.

Put kerosene on a cloth and rub on tub. This is the best way to clean enameled tubs. However, one can use ammonia. Never use any kind of scouring soap because if used often it will soon wear off the enamel.

CONGRESSMEN SEEN AS HARD WORKERS

**Banker Tells of Labor Put
in by Members of Congress
on Mass of Technical
Measures**

OUTLINING legislative procedure, Robert V. Fleming, President Riggs National Bank, Washington, D. C., gave the recent convention of the American Bankers Association a description of the difficulties and problems confronting the law-makers. Mr. Fleming said in part:

"The most important part of organization of the two branches of congress is election of standing committees. There are 34 standing committees in the Senate and 46 in the House. These are the workshops of Congress and the real work of law-making is done in Committees.

"The task of legislating for 124,000,000 people is a tremendous one. Of recent years approximately 20,000 bills are introduced annually in the two Houses. Only a small percentage become law, but they must be weighed in committee, adopted or rejected, perhaps amended, reported out, and then considered on the floor.

"Lawmaking involves about 99% of hard and unspectacular work and about 1% of oratory. Few tasks appear so easy and are so difficult as enactment of sound and satisfactory legislation. Few individuals in any line of activity work harder or longer hours than the chairmen of the important committees during a session. I have great sympathy for the members of Congress whose constituents expect undivided attention to every piece of legislation in which they may be interested. From my personal observation, they earnestly and conscientiously endeavor to do all that is possible.

Public Hearings

"When a bill is introduced, referred to committee and printed, the next step, if it is a measure of considerable importance, is to conduct a public hearing. The committee makes an effort to listen to anyone who cares to be heard either for or against a measure, although witnesses are frequently limited as to time. Members of the Cabinet and other officials of the administrative departments of the Government usually testify on measures in which they are interested and furnish the committee information in executive session or otherwise.

"Due to pressure of work and the fact that it is impossible for members of Congress to be technical experts on every subject of legislation, the committees are inclined to give consideration to the merits of arguments presented in testimony and the recommendations of the Cabinet and other officials. It is therefore highly desirable, both from the standpoint of Congress as well as those affected by proposed legislation, that the latter have an opportunity to discuss frankly the effects of such legislation."

Last Minute Dishes

By Harriet Dean

IN the days that precede the holiday season, when presents have to be bought and mailed, the children arrive from school and the kitchen is given over to special cooking, there are times when every housekeeper longs for recipes which can be prepared quickly and are sure to be successful.

It is just such occasions as these that show the new "cracker cookery" up to advantage. It eliminates the old time complications of pastry making and the fear of a soggy or tough crust. It saves time and work and is less expensive as the dishes are started with crackers already seasoned.

A stuffed meat roll makes an ideal entree on such occasions. It can be quickly made and does not have to be watched while cooking. The premium loaf pictured above is attractive on the table and will serve six. Try it with this recipe:

Stuffed Meat Roll
2/3 cup finely crumbled soda crackers
1/4 cup butter or suet drippings
1 small onion, grated
Salt and pepper
1/2 teaspoon powdered sage
1/2 cup hot water
1 lb. chopped round steak
Crumble crackers. Melt butter, add seasoning and hot water. Mix and shape into long roll. Put meat into oblong cake and roll around cracker mixture. Bake in hot oven (475° F.) 20-25 minutes.
For a quick luncheon dish nothing is better than corn fritters made with cracker batter. They can be fixed for as many guests as you like and if the supply runs out, more can be made up in a jiffy.
Corn Fritters
1 1/4 cups soda crackers
1 1/2 cups canned corn
2 eggs, slightly beaten
1/2 teaspoon salt
1 teaspoon sugar
Crumble crackers and mix all ingredients together. Drop by spoonfuls into small amount of hot fat in frying pan. Cook over moderate flame. Turn when browned on one side. Six portions.*

By DR. WILLIAM J. SCHOLLES

A chill is very often the first symptom of a disease. It is a common experience to have a chill at the beginning of a cold. Sometimes this symptom indicates the beginning of some more serious disease, such as influenza or pneumonia. Doctors generally regard the occurrence of a chill as an indication that infection is present somewhere in the body.

Chills not only occur at the beginning of a disease, but sometimes occur while the disease is running its course. When one is infected with malaria, they occur with the onset of each paroxysm. When they occur during the course of most other diseases, they usually mean that some complication is developing. For instance a chill during the course of a common cold may mean the onset of pneumonia, or inflammation of the middle ear, or some other complication. Then there is always the chance that the occurrence of a chill may mean that pus is forming somewhere in the body.

The thermometer will often show that the temperature of the body has begun to rise even during the chill. Inflammation has already commenced to develop because germs have infected some tissue.

Take No Chances!

It is not always apparent just what disease one is developing at the time the chill occurs. So it is best to take no chances. One should go home as soon as possible and take a hot bath. Then the body should be quickly and thoroughly dried with a course towel, and no time lost in getting to bed. Drinking hot water or hot lemonade may help to relieve the chill and favor sweating.

If it is not obvious that the chill was caused by some very trivial ailment, or one does not soon feel better, it is best to call the doctor and have him find out what the trouble is. The chill may mean the onset of some disturbance that will require much more treatment than has here been outlined.

The effort to get the blood to the surface and to produce sweating will be helpful, even though further treatment is necessary. The idea of the hot bath and hot drinks is to get the blood to the surface, and to relieve the congestion that is taking place in any of the internal organs. By going to bed the vitality is conserved and the body is better able to resist whatever infection has occurred. If the cause of the chill proves to be trivial, no harm has been done. If the chill marks the onset of some serious disease the body has been favored in its fight against that disease.

SOCIETY

BRIDGE PARTY

A pretty Yuletide theme was used throughout the reception rooms when Miss Henriem Hefley entertained with bridge Friday afternoon naming as honor guests Misses Katherine McIntosh, student in C. I. A., who was spending the holidays here with her parents, and Nell Gurley of Waco, house guest of Miss Madie Watson.

Game tables carried out the chosen theme where merry games held interest for a few hours.

The hostess was assisted in serving a salad plate with hot tea by her mother, Mrs. Henry Hefley, at the close of the games.

RETURNED TO WASHINGTON

After a delightful two week's vacation with her parents, Judge and Mrs. Jeff T. Kemp, Miss Ruth Kemp will leave Thursday for Washington via St. Louis. This was Miss Kemp's first visit home since accepting her work in the Pension Department. She was the recipient of a number of informal social courtesies while here, and her many friends will look forward to her return visit in the future. She spent New Year's Day in Houston with relatives returning to Cameron Tuesday morning.

CHRISTMAS DANCE

Among the pleasant entertainments during the holidays for the younger society set was the dance given by Miss Madie Watson at the home of her parents, Judge and Mrs. John Watson, Thursday evening complimenting her house guest, Miss Nell Gurley of Waco.

Pretty Christmas decorations added beauty to the dance room where a delightful evening was spent. During the dances punch was served, and at the end of the evening's pleasure the hostess was assisted by her sister, Mrs. Donald Kilgore, in serving sandwiches, cookies and punch.

David Lewis of Fort Worth was an out of town guest other than the honoree.

WEDNESDAY CONTRACT BRIDGE

Mrs. W. A. Bonds was delightful hostess to the Wednesday Contract Bridge Club this week at her home 1919 North Fannin Ave.

Two tables of club members gathered for a pleasant afternoon of games and later were regaled with a dainty salad plate.

DELPHIAN CHAPTER

Tuesday afternoon the Delphian Chapter held their meeting with Miss Rose Rischar with Mrs. Joe Denson leading the lesson. Subject "Advent of Modern Music."

Those assisting on the program were: Mesdames Lena Baskin, T. A. Fisher, Frank Lesovsky, E. A. Flinn, Andrew Freeman, Clarence Freeman and Miss Winnie Henderson.

Next meeting will be held January 6th. At this time Mrs. Niley Smith will be leader.

TUESDAY CONTRACT BRIDGE

Members of the Tuesday Contract Bridge Club and a few invited guests assembled in the home of Mrs. W. E. Gaither, in the heart of the Country Club addition, and enjoyed a number of games.

Guests drew their places around the game tables by score place cards where interest soon consumed time, and at the conclusion of the games Mrs. John B. Henderson was winner for guests, and Mrs. C. W. Bradbury was winner for members, both receiving attractive gifts.

The hostess served a salad course on large trays centered with tall, green burning candles. She was assisted by her daughter, Miss Billie Gaither and Mrs. J. M. Bowman.

Guests other than club members were: Mesdames John Henderson, Albert Collins, Oxsheer Smith, Stanley Swift, Judd Davis, R. D. Brown, Buck Bonds and James Coleman.

CHRISTIAN AID SOCIETY

Ladies of the Christian church met at the church Monday afternoon for a business session. Mrs. Robert Young presiding.

At this time the following officers were elected for the ensuing year: President, Mrs. Raymond Beard. Vice-Pres., Mrs. Guy Slocomb. Sec.-Treas., Mrs. Ray Burke. Reporter, Mrs. G. Walters.

BAPTIST MISSIONARY

All circles of the Baptist Missionary Society met Monday afternoon at the church for a business meeting with Mrs. W. H. Henley in charge. At this meeting it was decided to change the date of the Royal Service program from the fourth Monday to the second Monday, and all circles will meet next Monday at the church for a program taken from Royal Service. There were nineteen members present Monday.

BUSINESS WOMEN

Owing to illness in families of club members, the regular meeting of the Business and Professional Women's Club has been postponed from this Tuesday evening to Tuesday evening January 10th, at which time Miss Willyne Hyde will be chairman of the program and Miss Ennis Turner will be hostess. All members are urged to be present at this meeting.

CHRISTIAN CHURCH

"Where Build Character," will be the subject for the morning service at the Christian church. The topic for the evening service will be "Unto These Least."

All young people are invited to the evening service at 7:30 p. m. and thence to the Young People's Seth Parker meeting which follows.

Sunday School at 9:45 a. m. B. L. Archer, Supt. Morning worship service at 11 a. m. Ed S. Mace, pastor. Mrs. B. P. Hurdle in charge of music.

GO TO CHURCH SUNDAY!

YULETIDE ENTERTAINMENTS

Mrs. R. H. McIntosh was hostess to a surprise birthday luncheon Thursday in honor of her daughter, Miss Katherine, who was back from C. I. A. for the holidays.

A dainty two course luncheon was served in faultless style and Christmas merriment reigned around the festive board. The personnel of the party was: Misses Katherine McIntosh, the honoree, Henriem Hefley, Carolyn Cheeves, Madie Watson, Julia Mae McCollum and Patsie McGregor.

Friday following the same guests enjoyed a picture show with the honoree, returning to the McIntosh home for a slumber party, enjoying the occasion as only young happy girls know how.

Business in Cameron

By J. K. FREEMAN

The business men cannot make much money in Cameron, if any. This applies to merchants, lumbermen, automobile dealers, abstractors, carpenters, blacksmiths, doctors, lawyers, and others.

The reason is, there is no money to buy.

The taxes for several years past for the State, Counties, Cities, Highway Commission, and interest on the road and school bonds have been from 175 to 200 million dollars each year—from 25 to 50 million dollars more than the gross price of the Texas cotton crop.

The farmers after paying the taxes have but little left, if anything, and they are forced to raise their own food. This reduces the volume of the grocery business. The farmers must continue to use old farming implements. They must make their clothing and shoes last another year. They cannot buy lumber or paint for repairs. This reduces the volume of business in each of these lines; and there is nothing left for the carpenter, blacksmith, doctor or lawyer.

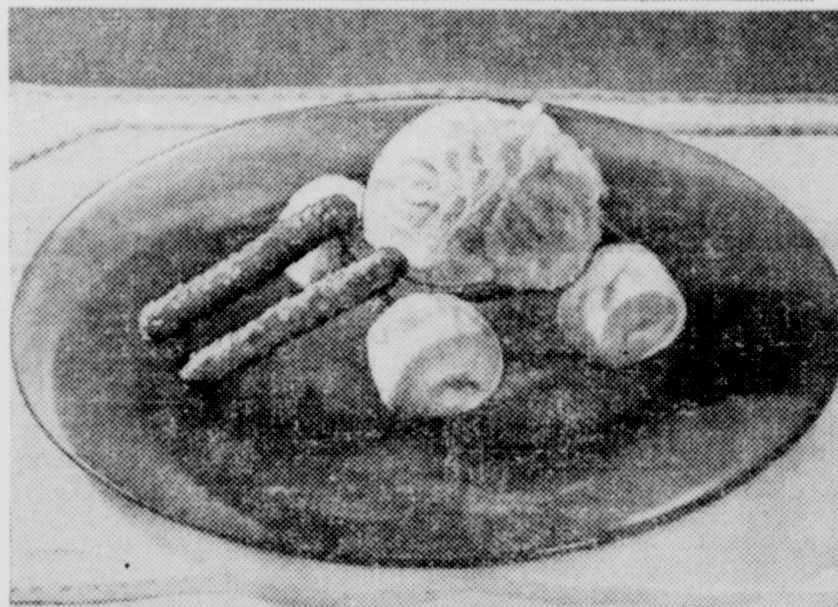

The town trade is no better. To the State and County taxes are added the City taxes, in all about 3 1-2 per cent on property rendered at inflated values.

This is not all. In 1931, Cameron, a city of 3700 population, with at least 700 unemployed and hungry, paid to the Texas Power and Light Company as shown by its report to the City Council, \$93,722.42—an average of \$250.00 every day for 365 days in the year. This heavy tribute keeps the city drained of money all the year. In addition to the Texas Power and Light Company, we pay for water, gas and the telephones.

A merchant in Cameron is like a man fishing in a lake where there is no fish.

Are we capable of self government—we of the State of Texas, of the County of Milam, and of the City of Cameron, who vote for and elect officers who levy this crushing tax on us; we who tolerate from year to year the brutal, cruel and sinful tribute laid on us by the public utilities; do we deserve any better?

For Children's Parties

By Harriet Dean

MOST mothers know what to serve the gathering of aunts and uncles who arrive in state for Christmas or some other ceremonial dinner. It's the other annual events, chiefly the birthday party for John or Mary Frances where originality in the menu is much more necessary, and a great deal more difficult. Every child in the neighborhood must get tired of ice cream with chocolate or strawberry sauce as the only variety.

For a change serve ice cream on top of the cart pictured above made of pretzel bars with marshmallows attached to the wheels. Two extra pretzel sticks can be placed in front for the tongue. When there's a birthday cake, decorate it with a procession of animal crackers with colored icings.

If you're having a party for little girls try serving ice cream in flower pots made by surrounding slices of chocolate or brick cream with nabisco waters with a sprig of artificial flowers stuck into the top. They can be made more realistic

by sprinkling a little grated sweet chocolate on top.

With cracker alphabets a surprise can be added by placing monograms of each guest on top of individual gelatine or pudding molds. Toonerville houses, the funny little men standing out in front, will add another new note to make John's party remembered.

For the Toonerville houses again cut brick ice cream in slices. Cut each slice once from corner to corner making triangular-shaped pieces. Stand on long sides on individual plates and place nabiscos one on either side. Stand two Toonerville folks in front of each.

Why not try a circus parade made by peeling and cutting bananas in half the long way? Press the feet of animal crackers, parade fashion, along each half.

If you're having a more elaborate party you will find that children really like their spinach when it's in pretzel baskets. On opposite sides of a mound of hot, cooked spinach, stand two pretzels to resemble basket. Use one section of a pretzel to form handle.

GRAND JURY

Rev. and Mrs. N. D. Timmerman have returned from a visit with her parents in Sheridan, Ark. They were accompanied by her sister, Mrs. J. Howard Williams and husband of Dallas. Since returning Rev. Timmerman has been ill with the flu, but is reported some better.

The following compose the Grand Jury for the January term of District Court: Harry Moody, Lester Turner, A. W. Butts, M. E. Ashley, C. E. Akers, T. J. Cooper, B. B. Wall, Marvin Charles, T. W.
